

# Mileivi Zharick Esperanza Lombana Bohórquez

## Junior Software Engineer

📞 (+57) 319 452 3601

@ mizhaesp@gmail.com

🐙 Mileiviii18

🏠 Colombia

Detail-oriented Junior QA Engineer with proven experience in automated and manual software testing across web, API, and mobile platforms. Skilled in Python, Selenium, and Insomnia for test automation and API validation. Strong background in software analysis, test case documentation, and debugging. Adept at collaborating in Agile/Scrum teams to deliver high-quality, user-focused solutions. Passionate about continuous learning and advancing as a QA Automation Engineer. Seeking opportunities to contribute to innovative development teams and drive software quality in fast-paced environments.

## Recent Experience

### Junior QA Engineer at Microsoft

Jan 2025 – July 2025

- ☰ Validated user stories and performed functional, UI, and integration testing across web and mobile platforms.
- ⌘ Ejecuted automated UI tests in Selenium (Python), simulating user behavior in Microsoft Edge.
- 👁 Reviewed frontend components for visual/functional accuracy; collaborated with developers in bug resolution.
- ✅ Performed manual API testing with Insomnia, validating REST responses.
- 🔧 Contributed to **Juna – Chat Violence Detection Web App**, an AI-based tool analyzing chat text files.
- 👥 Participated in Agile sprints and team coordination for timely delivery.
